

WILL AGREE ON CLOTURE FOR SENATE

PROPOSAL ALLOWING SENATORS TO LIMIT DEBATE BY TWO-THIRDS VOTE, READY FOR PARTY CAUCUSES.

CONFERS WITH WILSON

Democratic Leaders Talk Over Means of Preventing Future Filibusters by a Minority, With President—Then Meet Republicans.

Washington, March 7.—Two-thirds of the senate today agreed to a proposed rule for the prevention of future filibusters by a small minority, drawn up by the joint committee of democratic and republican senators today in the senate chamber. The rule, which would allow a minority of two-thirds to limit debate by a two-thirds vote, was adopted by a vote of 16 to 14.

President Wilson had a conference today with Senators Owen, Reed, Walsh, Swanson, James and Hoke Smith, the committee named by the senate to consider the proposed rule. The committee had previously reported to the senate a rule which would prevent filibusters by a majority of two-thirds.

The senators agreed that the proposed rule was good for quick action in the senate. Owen said he desired a rule which would allow a majority of two-thirds to limit debate by a majority vote. All of the senators agreed, however, that they would not haggle over details if a reasonable closure plan could be agreed upon.

The conference lasted an hour and a half and all the details of the senate rule were gone over. The president then said the senate was deeply interested in the rule and that a few senators should not be allowed to interfere with the welfare of the country.

Although Mr. Wilson has been advised by some government experts that he has the authority to shut down filibusters by executive order, he believed it would be the better policy to wait and see whether the senate will agree.

Confers With Republicans. After the White House conference, the democratic senators hurried to the capitol for a conference with republican leaders. Before them was a plan for a modified closure which the democrats hope to bring before the senate tomorrow. The democrats said they expected republican senators to support the plan.

The White House conference with the republican senators was held in the White House. The republican senators who attended were Owen, Reed, Swanson, James, Hoke Smith, Chamberlain, Owen and Robinson. They went to work at once to consider the senate standing committee report.

CUNARDER EQUIPPED FOR U-BOAT PERIL

New York, March 7.—The steamship Carmania of the Cunard line, which arrived last night from Liverpool, is equipped with the best submarine defense carried by any merchant vessel reaching this port. The Carmania is the first ship to be so equipped since the outbreak of the war.

The Carmania is a 10,000-ton ship, built in 1914, and is equipped with a range of 10,000 miles. She has a crew of 100 men and a complement of 100 passengers. She is the only ship of her kind in the Cunard line.

These pictures were taken just before noon Monday as President and Mrs. Wilson and Vice President and Mrs. Marshall rode to the capitol, where the president was sworn in by Chief Justice White and delivered his inaugural address.

BRITISH CAVALRY MAKES NEW GAINS; APPROACH BAGDAD

London, March 7.—British cavalry advanced within nine miles of Ctesiphon, on the Tigris front, on Monday afternoon, it was announced officially today.

On Monday afternoon British cavalry were engaged with the Turkish rear guard at Laji, nine miles south-east of Ctesiphon.

Thirty miles from Bagdad. The British are now less than thirty miles from Bagdad. The town of Laji, which they reached Monday, is twenty-eight miles from the city. Since the fall of Kut-el-Amara on February 26, the British advanced eighty miles.

On account of the nature of the ground between Kut-el-Amara and Ctesiphon, which is poorly adapted to defense, it has been predicted the Turks would make no serious attempt to reach the city. The British are now less than thirty miles from Bagdad.

Turks Abandon Position. London, March 7.—An official report from Egypt says the Turks have abandoned a strong position in the neighborhood of Sheikh Nuran, west of Shellal.

Shellal is in Upper Egypt, on the Nile, about 400 miles south of Cairo. There have been no recent reports of fighting in this region. In various parts of the country uprisings have occurred during the war on the part of tribesmen led by German officers. So far as the British reports have shown, the roadways have been made by these forces.

JEWETT NOMINATED OVER MAYOR SHANK

Indianapolis, March 7.—Complete but unofficial returns from 140 precincts in Indianapolis received this morning from yesterday's primary, showed that Chas. W. Jewett was nominated for mayor on the republican ticket by a majority of 500 over Lew Shank. Shank announced last night he would run on an independent ticket.

St. Charles, Minn., March 7.—Casting the heaviest ballot in the history of the city, St. Charles yesterday voted to retain its saloons by a majority of 57, compared with 46 in 1915.

ALL EXPORT RECORDS BROKEN IN FEBRUARY

Philadelphia, March 7.—All export records at this port were broken in February with shipments abroad valued at \$37,000,000, according to reports of the commission of navigation published today.

WIFE OF NED SAWYER HAS SECURED A DIVORCE

Chicago, March 7.—Mrs. Helen C. Sawyer, wife of Ned Sawyer, former western amateur golf champion, has been granted a divorce. It was learned today the divorce was granted at Whittier last Saturday on statutory grounds.

LLOYD GEORGE MAY TALK IN COMMONS ON HOME RULE MOVE

London, March 7.—The prospect that Lloyd George would take part in today's debate in the house of commons on the Irish question and outline the government's position toward Ireland, aroused deep interest in the proceedings. The debate hinges on the resolution which will be moved by P. O'Connor on behalf of the nationalists. The resolution reads: "That with a view to strengthening the hands of the allies in achieving recognition of equal rights for small nations, and principle and nationality against the opposite German principle of military domination and government without consent of the governed, the government should delay to confer upon Ireland the free institution long promised to her."

HEAVY TONNAGE TOLL TAKEN BY U-BOATS

Berlin, wireless to Sayville, March 7.—German submarines returning between March 1 and 3, from their operations, made reports indicating the sinking of vessels with an aggregate tonnage of 204,000, according to the Overseas News agency.

Slav Cruiser Hits Mine. Berlin, wireless to Tuckerton, March 7.—The Russian armored cruiser Ryurik struck a mine in the Gulf of Finland and is badly damaged, according to reports from Stockholm, says the Overseas News agency.

News of the disaster to the Ryurik was received in Sweden, despite the Russian naval censorship, the agency's Stockholm adviser said. The ship was shortly afterwards docked at Cronstadt on the Gulf of Finland, it is added.

The Ryurik (also spelled Rurik), is an armored cruiser of 15,190 tons, 75 feet beam, 529 feet long, and 26 feet deep. Her armament comprises four 10-inch guns in turrets, and eight eight-inch guns, similarly mounted, together with twenty-four 4.7 inch guns and four three-pounders. She has two torpedo tubes, submerged. The Ryurik, which was built in 1906, developed a speed of 21.5 knots on her trial. Her complement is 998 men.

PLAN MERIT TEST FOR POSTMASTERS

Washington, March 7.—A modified civil service for first, second and third class postmasters, is being planned by President Wilson and Postmaster General Burleson. Under an executive order expected soon, three classes of postmasters will be required to pass examination in order that the president may be assisted in making nominations.

Regardless of the change, postoffice officials said today, nominations will be made by the president and confirmed by the senate as in the past, in accordance with the postal laws.

Postoffice officials said that the plan was devised as a means of taking the appointments out of politics.

AMERICANS ASK FOR QUICK HOME VOYAGE

Copenhagen, March 7, via London.—Sir Ralph Spence Paget, the British minister, cabled today to London asking permission for a special Danish liner to sail directly to Halifax without calling at Kirkwall, to enable a large number of Americans here to reach home.

Sir Ralph, replying to an American delegation headed by Dr. Eastman of the Red Cross, said the case looked like a good one and would refer it to London.

WEEK-END SESSIONS VOTED IN ASSEMBLY; ACTION ON BILLS

Madison, March 7.—The assembly today, 69 to 15, voted to hold Saturday and Monday sessions alternately beginning March 17 and 19. The Chapin bill to permit an employee after he leaves the service of an employer who maintained group insurance to continue that insurance after he is discharged, was passed, 67 to 15, after long debate.

The Everett bill to amend the reciprocal insurance tax law so a minimum fee would be charged, was laid over.

Three bills regulating the operations of building and loan associations, as amended, were passed. A measure to set aside five thousand acres of land in northern Wisconsin on which convicts may be employed, was laid over to give time for investigation into the legal question as to whether the board of control or public land commission would have charge of the land.

Enrollment was given the Wilkins bill requiring that when an insurance company has accepted a medical examination of an applicant, it cannot offer as a ground for non-payment of the policy that the condition of the applicant was different than supposed.

Concurrence was given the Wilkins bill for the establishment of standard fire insurance policies and the Smith bill allowing furnishing of lunches to school children for less than cost was passed.

The senate, 19 to 13, referred to the committee on education and public welfare, the Bennett resolution, which constituted a subcommittee of the La Follette's vote on preparedness, and urges him to stand by the president. The resolution cannot come up for at least a week.

The best way to deal with violators of the hunting laws is to take their licenses away from them, is the statement of Assemblyman C. C. Saugen of Eau Claire in explanation of his bill in the legislature on this subject. Mr. Saugen has introduced a bill which provides that for the first violation of the game laws of the state, the license shall be revoked and the person shall not be permitted to take out another license until the expiration of a year. For the second offense, the person is thereafter disqualified from procuring a license. The fine that attaches to procuring a license in violation of law shall be less than \$50 nor more than \$500.

Assemblyman Poor of Milwaukee believes that cities should be able to make inducements in order to secure conventions. He has offered a bill giving the council of any city the right to appropriate annually not to exceed \$10,000 for the purpose of securing the holding of conventions, meetings or assemblies.

Senator A. R. Potts has a bill that changes the appraisal value that shall be paid for cattle suffering and condemned for bovine tuberculosis. The present law places a limitation on the amount that shall be paid at \$70. The Potts bill provides that three-fourths of the appraised value may be paid, "but in no case shall the owner receive more than \$60 for a native or grade animal, nor shall the owner receive any compensation until and unless he furnishes a statement showing that all of his cattle over one year of age have been tested." The bill is intended to encourage the annual testing of animals and to provide a higher amount of pure bred animals. This in itself will encourage the introduction of better stock, since the state proposes to reduce the amount of damages paid from \$70 to \$60.

MAY SELL BALL TEAM TO STOCK COMPANY

St. Louis, March 7.—John Tener, president of the National League, today endorsed the plan for the sale of the St. Louis Nationals by a company formed by the public sale of stock in amounts ranging from \$25 to \$100.

PLANS MADE TO OFFER LARGE ARMY

WAR DEPARTMENT TO DESIGNATE 6,000 ENLISTED MEN FOR COMMISSIONS AS COMPANY OFFICERS.

STATE GUARDS MAY AID MILITIA ORGANIZATION

Quota in Case Volunteer Army of Half Million is Called to Colors.

Washington, March 7.—The war department has directed that 5,000 and 6,000 enlisted men of the army be designated by regimental commanders for commission as company officers in whatever army may be raised. Orders have been sent to each regiment to select sixty men who will be eligible for commissions up to and including captain.

The designation of the men will be on their military aptitude, not by examination. The department as a precautionary step, it was explained, desired to establish this list of men deemed fit for commission by officers under whom they have served. Presumably the non-commissioned personnel will supply the largest number.

Officers From Militia. It is possible that a similar list will be compiled among national guard regiments. If a volunteer army of any size were summoned to the colors, these men would be drafted for training duty as officers of the volunteers. The officers reserve corps will furnish additional officers, some of the rank of major, but as less than 1,000 men are now in the corps, it could not supply sufficient officers for the volunteers.

The department is conducting a vigorous campaign to induce the officers reserve corps. Efforts are being made to enroll fifty men in each congressional district. Military aptitude rather than experience with troops and knowledge of military matters will be the governing factor in their selection.

The regular army may suffer in efficiency if its best enlisted men are withdrawn for duty with volunteers, but there is no other way of providing an adequate training force even for a volunteer army of 500,000 men.

To Organize Platoons. To encourage small towns and villages to maintain national guard units, the war department in a circular issued today has authorized the establishment of detached platoons. One of the most of these platoons coming from nearby towns or settlements, would form a company or regiment organized in that part of the state.

The minimum strength fixed for detached platoons is fixed at thirty-four men, one officer (first or second lieutenant), one sergeant, four corporals, nine private first class and eleven privates.

May Use Emergency Fund. Emergency funds of the navy department may be used to continue coastal survey work as appropriations for the work to pass the last congress. Secretary Redfield of the department of commerce told Secretary Daniels today that coast and geodetic survey work has been suspended because of the failure of appropriations for the work to pass the last congress.

Secretary Daniels will seek legal advice as to whether he can divert navy emergency funds to this work.

LIFT RESTRICTIONS FOR ARMY SERVICE

St. Johns, New Brunswick, March 7.—Special military units, designed to permit the enlistment of men previously rejected or considered ineligible because of physical and other disabilities, are being formed in the province of New Brunswick. Officers have been urged to bring these men up to a full war strength as quickly as possible, and to carry on an extensive publicity campaign for recruits. One of the new bodies is a so-called "anti-air" battalion, composed of residents of the province and Nova Scotia, whose small stature put them out of regular infantry organizations.

LABORERS STRIKE AT FORD FACTORY

Des Moines, Ia., March 7.—Led by organizers of the Industrial Workers of the World, 200 laborers employed on excavating work for the Ford automobile company's plant here, paraded the downtown section today following the calling of a strike by I. W. W. leaders last night. The strikers were asking recognition of the I. W. W., an increase in pay of 20 to 37 1/2 cents an hour, an eight hour day, and time and a half for overtime.

SOUTHERN FLOODS WRECK MANY HOMES

Chattanooga, Tenn., March 7.—The Tennessee river continued to rise today and Chattanooga was an island. Railroad traffic was stopped and between 4,000 and 6,000 people were driven from their homes, all of whom are being cared for by relief committees. Railroad yards were crowded with water, causing much delay in freight traffic. Railroad officials expected the crest of the flood would be reached at midnight tonight. At upper points the water was reported to be falling.

GOLD COAST BANDIT ENTERS GUILTY PLEA

Chicago, March 7.—Adam Prochow, ski, so-called "Gold Coast" burglar, pleaded guilty today to the law crime of an indeterminate sentence of from five to twenty years. Prochowski entered the home of George M. Reynolds and other rich persons on the fashionable Lake Shore Drive two months ago.

Says Boy Can Save \$49 Each Year On Sixty a Month

Pond du Lac, March 7.—Could you live on \$60 a month and save \$49 a year? C. C. Hoerner, assistant division superintendent of the Chicago & Northwestern railway, and R. V. Boggess, general secretary of the local I. O. O. F., have made out a young man's budget, which allows for a comfortable standard of living on \$60 a month, they believe. Here is their appropriation:

Room, \$75; board, \$260; clothes, \$75; amusements, \$52; laundry, \$21; insurance, \$15; doctor's fees, \$15; education, \$35; social and religious, \$52; sundries, \$50; total, \$671; plus \$49 savings. Balance, \$720.

FIGHTING RESUMED ON RUSSIAN FRONT AS COLD DIMINISHES

[BY ASSOCIATED PRESS] Berlin, wireless to Sayville, March 7.—There has been a let-up in severe weather along the Russian front, accompanied by increased activity, army headquarters announced today. The statement reads: "Eastern front: Between the Baltic and Black sea, the cold is diminishing and in some sectors the artillery fire grew livelier. The infantry activity, however, continued at small proportion."

Macedonian front: Between the Vardar and Lake Doiran and on the lowlands of the Struma, our outposts repulsed advances by the British partisans."

Western front: On the Scarpe (Arras region) on both sides of the Ancre, on the Somme, in the Champagne and on the east bank of the Meuse, (Verdun front) there was lively artillery fighting yesterday. Repeated engagements occurred between reconnoitering detachments and the French artillery."

In the evening the French attacked on the northeast front of Verdun our new positions in Couriers woods. They were repulsed by our fire. The clear weather favored the airmen in the execution of their task. In numerous air engagements fifteen hostile aeroplanes were shot down. The lost one aeroplane through the enemy's action."

French Surprise Attack. Paris, March 7.—Between the Oise and the Marne, a surprise attack on German trenches at Quenoyvillers and brought back fifteen prisoners, says today's official announcement. In the Argonne in the vicinity of Four Dru, we exploded a mine and occupied the crater.

The Germans attempted several surprise attacks northeast of Fricourt in Beaucourt wood, north of the Argonne. Our machine gunners repulsed the attacks. The attacks were checked at once by our curtain of fire and losses were inflicted on the enemy. Elsewhere the night was calm."

Adjutant Cassale brought down his sixth German aeroplane yesterday. It fell to the ground in the region of Jeppes, in the department of Meuse. Our pilots were attacked near Rumberg and fell within our lines north of Laval in the Marne."

Laval Are Repulsed. Berlin, wireless to Sayville, March 7.—In an attack made by the French last night on German positions at Couriers woods, and on the Verdun front, our soldiers repulsed the enemy, says the French were repulsed.

BERLIN EDITORIAL CONDEMNS PRESIDENT

[SPECIAL TO THE GAZETTE.] Berlin, March 6, via London, March 7.—The Lokal Anzeiger in a lengthy editorial today severely criticizes President Wilson's inaugural address. On the subject of the new president, the paper says: "James Monroe, 100 years ago, assumed the presidency," says the newspaper, "his successor, President Wilson, at the capitol in Washington, tore up the Monroe doctrine, the cornerstone of American foreign policy. The peculiarly veiled rhetoric in which he clothed his inaugural address, admits of no other interpretation," says the editorial.

MUNITION PLOTTERS HELD WITHOUT BAIL

[BY ASSOCIATED PRESS] Hoboken, N. J., March 7.—Fritz Kob and Hans Schwartz, who were charged with plotting to destroy war munitions for the entente allies, today were held for the grand jury without bail. Two bombs found in Kob's room were identified by the prosecutors in court.

Clarence Picke, who lived in a hotel here where Schwartz had been employed as a cook, told the grand jury that he had seen Schwartz, and observing his fatigued condition asked where he had been. Schwartz replied, Picke alleged, that he had been on a trip to Black Tom, New Jersey, in a motor boat figure in the alleged scheme to blow up munitions.

DENY REPORT ABOUT TRENTINO OFFENSIVE

[BY ASSOCIATED PRESS] Berlin, March 6, via London, March 7.—The official Overseas News Agency denies the report published in British newspapers that Field Marshal Von Hindenburg and General Von Ludendorff, for action in Trentino, had declared they were not in favor of the offensive in this region because of lack of railroad lines.

ARMED SHIP ISSUE STILL UNDECIDED

PRESIDENT STILL CONSIDERS QUESTION ALTHOUGH URGED TO ACT FAVORABLY BY MANY FRIENDS.

EXTRA SESSION HINTED

Many Left Over Matters Boded the Armed Neutrality Bill Argue for Special Session at an Early Date.

Washington, March 7.—The definite impression that American merchantmen would be armed in the near future gained ground today. Following conferences between President Wilson and administration officials and democratic senators.

Armed Ship Question. Some administration officials today were urging on President Wilson their view that he may legally arm merchant ships now without awaiting express authority which congress might give if called in special session. They argued that the old law passed in 1819 forbidding a merchantman to fire on a public armed vessel of a nation in amity with the United States would not apply to the present situation. The president heard these views with keen interest, and indicated he is seeking some legal means of acting simply, but would prefer congressional approval.

It appeared quite probable today that the United States would not press the issue created by Austria-Hungary's notification that she adheres to Germany's principle of submarine warfare, inasmuch as the communication has a conciliatory tone and points out that since Austrian submarines operate only in the Adriatic and Mediterranean, the chances of their actually violating American rights are not very great.

Hints of Extra Session. Prospects of an extra session of congress soon, seemed strong today. Members of congress generally now look for an extra session to be called to meet not later than June as a result of this said communication. The officials close to President Wilson.

Aside from any action on the armed ship bill, the need of an extra session to pass the big submarine bill, which will be introduced in the senate, is regarded by officials as imperative.

SHOW BIG INCREASE IN MERCHANT MARINE

[BY ASSOCIATED PRESS.] New York, March 7.—Figures indicating unprecedented growth in merchant marine of the United States were published here today by the Journal of Commerce, showing during thirty-one months of war the total capital authorized for the building of new ship corporations aggregated \$141,372,000, with February, 1917, showing a new monthly high record. Fifteen new corporations were formed last month and \$22,500,000 were formed last month according to statistics, as compared with March, 1916, the previous record month, when \$12,153,000 in stock was issued.

GERMANY FORBIDS CHANGE IN STYLES

[BY ASSOCIATED PRESS.] London, March 7.—The German imperial clothing committee has issued a warning that styles in women's clothes cannot be allowed to change every six months, according to an Amsterdam dispatch to the Exchange Telegraph company. The committee says that during the coming summer and winter without degrading, and drastic measures will be taken against change in fashion and consequent waste of material.

GAZETTE CLIPPINGS ON ARMY TRAINING TO SECURITY LEAGUE

Mayor Forwards Newspaper Articles to Show Sentiment Here for Universal Service.

Mayor James A. Fathers this morning mailed Gazette editorials, reporters' stories and "Voice of the People" pros and cons regarding universal military training to the National Security League at New York city, the whole being meant as the sentiment of Janesville citizens relative to preparedness. The league late last week requested the mayor to give this information and knowing that the Gazette has printed both sides of the question, Mr. Fathers went back over his files and made the clippings.

In the letter of S. Shawwood Menken, chairman of the executive committee of the league, Mr. Menken says: "The subject, 'Universal Military Training,' is being widely discussed and is a live issue. A bill providing for the enactment of such a system into law has been favorably reported to the senate and is now up on the senate calendar. The general staff of the army has also framed a universal military training bill. Secretary Baker, in transmitting the latter bill to the senate committee, expressed a desire to know the sentiment of the American people on the subject.

We are working earnestly to secure this legislation and know no better way to learn the opinion of American communities than by seeking information from the mayors. Congressmen are also waiting to learn how the American people stand on this question. You can help us in our effort to report the present attitude of the American people on this important topic by reporting to us for the city of Janesville.

The following questions have been submitted by the league to mayors of cities throughout the country:

1.—Has Universal Military Training been discussed in your city?
2.—In your judgment, would your city endorse your senators and congressmen for reporting to congress for Universal Military Training?
3.—How do your newspapers stand generally?
4.—Has the proposed system any advocates or opponents in your city?
5.—Is there any expression of opinion as between the six months' training and the eleven months' training in the General Staff bill?

Annual Township Competitions Are Being Arranged For—Lists of 2,000 Words Sent Out.

Arrangements for the annual township spelling contests conducted under the auspices of the county superintendent as preliminary to the county and state contests, are being perfected and two teachers have been appointed in each town to have charge of the contests. A list of 2,000 words has been compiled by the state fair board, which is behind the movement for a state spelling contest, and the lists are being mailed to the teachers throughout the county. The pamphlet contains also the rules of the competition, which will include writing and arithmetic in addition to spelling. Following are the teachers named to direct the various township contests:

Avon—Minnie Hyland, Jennie Ryan, Beloit—Evelyn Meriet, Inga Erickson; Bradford—Hazel Taylor, Maude Howarth; Center—Anna Armit, Ivey Dolph; Clinton—Florence Nelson, Rachel Leitch; Fulton—Leora Sher, Lucie Pratt; Sugarfield—Harmony; Clarence Barfoot, Eva Schroeder; Janesville—Lydia Somerfelt, Ellen McCabe; Jordstown—Eugene Johnson; Liberty—Florence Davis, Frances McCabe; Lima—Inez Arnold, Lois Crandall; Magnolia—Mary Butters, Nellie Gardner; Milton—Evelyn Margaret, Eileen Kane; Newburg—Lorena Hansen, Alice Carroll; Plymouth—Laura Murphy, Iva Brunsvold; Porter—Minnie Milbrandt, Angeline Tullis; Rock—Margaret Ann, Sadie Elmquist; Spring Valley—Taina Strand, Cora Thorsen; Turtle—Pauline Mayer, Rosetta Blazer; Union—Marjorie Spencer, Margaret Holden.

CHARLES G. KINDRED TO CONDUCT A MEETING AT FIRST CHRISTIAN CHURCH

The First Christian church has been fortunate in securing Charles G. Kindred of Chicago, to lead them in a meeting beginning April 16th. Mr. Kindred has served for some years as the pastor of the Englewood Christian church of Chicago, and the church has never been as prosperous as now. Mr. Kindred has just refused a call to a large church on the Pacific coast.

Mr. Kindred is a man's man and does a great work among men. He has a large class of men in his church of which he is the teacher.

The local church is anticipating with pleasure his coming to them.

COUNTY OLDER BOYS ELECT OFFICERS AT CONFERENCE

Officers of the Rock County Association of Older Boys were elected at the fourth annual conference held at the hotel here Sunday. Held office during the coming year and to mould the policies of the older boys during that time. George Greenman of Milton, Wisconsin, named president and Earl Russell of Clinton, secretary. Thomas Hartzell of Clinton, Malcolm McCartney of Rock Prairie and Bjorn Rosseberg of Edgerton, were elected as the executive committee.

During the conference, teams from the various groups throughout the county entered into a basketball tournament as one of the features of the day. Fulton defeated Rock Prairie 21 to 8 in the first of these games. Orfordville beat Clinton, 32 to 7 in the second, and Fulton took the championship by defeating Orfordville.

One of the fastest games seen in Clinton for many a day. The conference was a decided success, and each of the seventy-five or more delegates returned to their various communities with a broader conception of the work outlined for the coming year, and inspired to carry on this work to the best of their ability.

JUDGE MAXFIELD DISMISSES UNCLE'S ACTION VS. NEPHEW

Hagerty and Hagerty and Ryan and Richardson fought it out in municipal court this morning. The nephew of John, the nephew, charged the latter with the theft of a pocketbook containing some few cents over six dollars. The attorneys amicably agreed to each other as to facts and a bull terrier defended either. Mutterings of malicious prosecution came from Richardson. Ryan swung back with the opinion that this least of offenses was not as well qualified to speak on truth and the gospel as he was upon the "boastfully drunk" condition of a man, since Richardson had never experienced the condition of confusion. This latter had been elucidated rather freely in Richardson's short plea after testimony had been closed. Judge Maxfield found John Hagerty not guilty and dismissed the action.

BISHOP WEBB TO CONFIRM CLASS AT TRINITY CHURCH

Bishop W. W. Webb of the Episcopal church will make his eleventh annual visit to the Trinity church parish on next Sunday, the eleventh of March, for the purpose of administering the sacrament of confirmation. Bishop Webb will arrive in the city early in the morning from Eau Claire, where he is at present engaged in preaching a mission. He will officiate at the celebration of Easter communion at the seven-thirty morning service, and will then go to Beloit, where he will confirm a class at St. Paul's church. In the afternoon he will return to this city to be the guest of Superintendent of the confirmation service at the school for the blind, where he will speak to the students. In the evening he will conduct the confirmation service at Trinity church at half past seven and will there deliver a sermon.

MOOSE WILL ELECT NEW OFFICERS TONIGHT

Officers of the local lodge of the Loyal Order of Moose for the coming year are to be elected this evening. All members are urged to be in attendance. Following the business meeting it has been arranged to serve refreshments and to enjoy a social evening at games. The officers will be installed on the evening of the first Thursday in April.

Tuesday's Markets.
Chicago, March 7.—Another 25¢@45¢ advance in hog values yesterday carried best to \$14.75, being 85¢ above last Saturday and over \$1 above average in the early 60's.

Disappointingly small receipts, good shipping orders, poorer quality, sharply higher prices at outside and a further upward in provision futures were strengthening features in the swine trade.

Owing to the small offerings, both the Armour houses were out of live hogs. The trade, however, packers' droves cost \$14.39@14.59, averaging 13¢@15¢.

Average price of hogs at Chicago was \$14.45 against \$13.13 Monday, \$13.22 a week ago, \$9.27 a year ago and \$6.58 two years ago.

Cattle Market Firm. Supply was light and advance reports indicated a small mid-week run. Best here made \$11.95. Butcher cattle mostly 10¢@11¢ higher, with veal calves largely at \$10.75@11.25.

Receipts in live steers, \$11.75@12.15. Poor to good steers 8.50@11.50. Yearlings, fair to fancy 9.40@11.75. Fat cows and heifers 6.00@10.50. Canning cows and calves 6.00@6.50. Native and foreign hogs 6.15@9.30.

Feeding cattle, 600@11.00. Poor to fancy veal calves 6.75@9.40. Hogs continue advance.

Swine were unevenly higher yesterday, with bulk 35¢ above Monday's average. Top at \$14.75, was 40¢ up. Late market strongest. Small packers, swine operators and speculators cleared up the small supply. Pigs 25¢@40¢ higher. Quotations:

Heavy butchers and ship 14.35@14.60. Light butchers, 190@230 14.40@14.70. Light bacon, 145@190 lbs. 14.00@14.55. Heavy packing, 200@250 14.30@14.60. Mixed packing, 200@250 14.25@14.55. Rough, heavy and light 14.10@14.25. Poor to best pigs, 60@135 10.75@13.75. Stags, 80 lbs. dockage per head 14.25@14.75.

Little change in live mutton values yesterday. Shippers paid \$14.80 for prime 85-lb. Colorado fed lambs, being 5¢ above Monday. Bulk of Colorado 41 to 45¢. Shorn and western lambs sold at \$12.15. Quotations:

Lambs, common to fancy \$13.50@14.50. Lamb, poor to good culls 12.25@13.50. Yearlings, poor to best 10.80@12.10. Wethers, inferior to choice 8.60@12.00. Bucks, common to choice 9.25@11.00.

A Word to Lovers of Music
When you contemplate the purchase of a piano for your home, you naturally ask yourself these questions: How can I and my family derive the greatest benefit from it? Will the musical education of my family cost me as much as the price of the piano? Where and how can we obtain the Best Musical Education? These are questions to be considered well, for only the best is good enough for your family.

TEACHING BY CORRESPONDENCE
is one of the greatest achievements of this age, and it has been demonstrated beyond a doubt that music can be taught more successfully by correspondence than through a local teacher, you can study at your leisure for your teacher is always with you; you can repeat lessons and instructions as often as you please, and can always refer back to them for review for refreshing the memory. Term of tuition is \$40.00 per year (50 lessons).

THE NORTHWESTERN SCHOOL OF MUSIC
have made arrangements with me to give one of these special certificates of scholarship, entitled to the full two-year course of weekly piano instructions, worth \$80.00, one in every family who purchases a piano at our store. Not a cent has been or will be added to the price of piano.

Remember that the pianos I am selling stand as leaders and are in the superior quality line: Bjor Bros., Gordon & Son, Strohber, Schaff, Smith and Nixon, Hoffman and Newman Bros.

MONROE OFFICIALS BACK LA FOLLETTE

(SPECIAL TO THE GAZETTE.)

Monroe, Wis., March 7.—Seventeen members of the city of Monroe and seven county residents have placed themselves on record as standing with Senator Robert M. La Follette and the other progressive men whom President Wilson has called to the cabinet. The following telegram of appreciation has been wired him at Washington:

Mr. Robert M. La Follette,
United States Senator,
Washington, D. C.
We congratulate you on your attitude toward the administration bill, and the American merchant, which have rendered immeasurable aid to this country in preventing the turning over to Johnny Bull with his boots and soul thrown in. Wisconsin is proud of you.

The telegram bore the following signatures:

J. H. Becker, county judge; C. F. Schuchart, sheriff; M. C. Durst, undersheriff; S. N. Darling, custodian; C. A. Kopp, county clerk; J. W. Stewart, county treasurer; J. M. Stauffer, assessor of incomes; E. Corson, register of deeds; J. N. Burns, county superintendent of schools; John T. Ertor, mayor; W. F. Truendred, chairman county board; P. W. Shriner, coronor; C. W. Wettenhall, city treasurer; J. J. Schneider, alderman from the second ward; J. H. Durst, cashier Citizens Bank; J. B. Heran, cashier Commercial Bank.

The telegram was prepared by County Judge J. H. Becker, who had planned to send the same personally to Senator La Follette, but other officials in the county have taken the privilege of subscribing to the same sentiments, and telephone requests also came from city officials when they gained a knowledge of the contents. It is possible that several signatures—a large number of them of names of people who have long opposed Senator La Follette, could have been secured if an effort had been made in this direction.

Monroe and Green county are not pro-German. Sixty percent of the inhabitants are native Swedes or of Swedish descent. Strict neutrality is observed, the general rule being to "sit tight and not rock the boat."

Greater Financial Strength and Progress.

The Year 1916 as shown in The Annual Report of the Company.

| Cash Capital, Surplus and Legal Reserve held for protection of Policy Holders | |
|---|----------------|
| Assets, Dec. 31, 1916 | \$1,514,807.20 |
| Increase of Assets in 1916 | 176,090.05 |
| Total Increase in Assets since organization | 770,071.46 |
| Insurance Paid for in 1916 | 2,008,305.00 |
| Insurance in Force, Dec. 31, 1916 | 9,481,004.00 |
| Net Gain of Insurance in Force | 1,782,004.00 |

The substantial gain in resources and the progress in writing insurance indicated by the above figures from The Old Line Life Insurance Company's Annual Report, will be an assurance to policy holders that this company is strong and that it goes forward without a halt.

The growth in the insurance account over 1915 is striking. It is 24% in insurance written and paid for; 23% in insurance in force, and 27% in net increase of insurance in force.

| GROWTH BY YEARS. | |
|--------------------|---------------------|
| Assets | Insurance in Force. |
| 1910—\$ 990,013.39 | 1910—\$ 770,500.00 |
| 1915—1,008,807.64 | 1915—4,080,500.00 |
| 1916—1,514,807.20 | 1916—9,481,004.00 |

This is a showing unequalled in any particular by previous annual statements of The Old Line Life Insurance Company of America. The company's growth, year by year, as its influence and field grows and broadens.

The Accident and Health Department is prosperous and showed a healthy growth of 30% for the past year.

**GOOD CROWD ATTENDS
FIRST FARM LECTURE**

Announce Dates and Subjects for
Other Lectures of Evening School
Farmers' Institute.

A large number of farmers and city dwellers interested in modern agricultural methods attended the first of a series of farm lectures given in the Evening School Farmers' Institute, held last evening by Professor J. A. James of the University of Wisconsin on the subject, "Dollars or Dimes in Dairying." The lecture, the first of its kind attempted in the state, proved very popular with the audience, and it is likely that the attendance will increase as the interest in the course spreads. Both the officials here, Director Hall of the continuation school and A. B. West of the high school faculty, who were largely instrumental in securing this course for Janesville, were well satisfied with the attendance and enthusiasm of the audience.

Announcement was made last evening of the dates and subjects for the other lectures of the course. They were determined by the state agricultural department to whom questions were sent, and are evidently the things in which the men of the community are most interested.

Thursday, March 8.—Clean Milk for Janesville, Dr. Frost.

Tuesday, March 13.—Shall Our Cows Produce 4,000 or 8,000 Pounds of Butter? Dr. Frost.

Thursday, March 15.—Eggs All the Year 'Round, Professor Halpin.

Thursday, March 22.—What the Soil of Rock County Needs, Dr. Frost.

Thursday, March 29.—Alfalfa for Dairying, L. F. Grobet.

All of the speakers are members of the faculty of the state agricultural college, and are men who are thoroughly conversant not only with advanced ideas in farming but with the problems of the local farmer.

All of the dairy farmers of this section have signified their intentions of attending the lectures.

Club Women Hope to Secure Miss Lute Searns of Milwaukee to Talk on Woman's Building

A very good meeting of the board of the City Federation of Women's Clubs was held this morning at the Janesville Y. M. C. A. building.

Mrs. S. M. Smith, president and the secretary Mrs. Starr Atwood were also present. After the usual business was transacted various projects were discussed in regard to future activities. Plans for the annual meeting of the City Federation, to be held on May 10th, were formulated.

It was decided to have a banquet with program and a speaker from out of town.

The secretary was empowered to secure Miss Lute Searns to give an address on "Woman's Building and how to Secure It." A committee will make further arrangements later. Plans were made for the next campaign for the summer's work with the following committee: Miss Sara Sutherland, Miss Mabel Shumway, Miss E. Patterson, and Mrs. Rumlind.

A committee was appointed to take charge of penny package seeds for the school children this spring. This committee has as chairman, Miss Mary Boutwell, and the other members, Mrs. Blackman, Mrs. Stanley Smith, Mrs. Yonce and Mrs. Grant.

It was announced by Miss Agnes Webber, who was chairman of the committee, that dental inspection of school children would be held April 1st.

Plans for the community party were announced tentatively that it is to be held in assembly hall, the first or second week after Easter. Hatch's orchestra to furnish the music, and a committee headed by Mrs. Louis Levy.

GET THEIR PARENTS' CONSENT TO MARRY

Advanced living costs and the high price of everything from thread to bread have no terrors for romance. Teen age marriages have been common in Rock county since the dawn of time.

War spreads its blanket over the old world, and the shadow in the form of the decreased value of the dollar fell upon the United States. Many Cupid obstacles, and at least one teen age couple a month in Rock county has taken the fatal plunge for better or for worse since the strife decked the nations across the sea.

Elmer Rogers and Florence Morrison are the latest teenagers to the front. Elmer is nineteen, and is the son of Patrolman Milton Rogers of the Janesville police department. Miss Florence, the bride-to-be, is two years younger than Elmer.

Following the consent of Florence's mother gave hers. They announced that Justice of the Peace Stanley Tallman would tie the knot.

Another interesting disclosure is noted from the stubs in the marriage license book. This is that a bevy of farmer girls and farmer boys are taking out licenses.

Ninety per cent of the permits issued by County Clerk Lee since the first of the year have been to "prospects" from the rural districts.

"I guess they are getting married down and be all ready by spring," was the comment of Miss Frances M. Hall, deputy county clerk, and said that she had never seen a couple so young.

Other licenses issued today were to Harold A. Goehl, town of Harmony, and Gladys J. Heston, town of Milton.

Arthur Fureth and Helen M. Thompson, both of the town of Magnolia, and to Edwin M. Jensen and Susan E. Nelson, both of the town of Porter.

County Sanatorium Committee Meets

Supervisors Investigating Proposition—Hear State Secretary of Anti-White Plague Organization.

Members of the Rock County Board of Supervisors detailed as a committee to investigate the advisability of a county sanatorium met this afternoon in the office of County Clerk Howard W. Lee.

Those present were: Robert B. Snyder of Clinton, M. L. Paulson of Elroy, and Joseph M. Dunning and George Woodruff of this city.

Otto P. Bradley of Milwaukee, secretary to the Wisconsin Anti-Tuberculosis chapter of the national organization, was scheduled to appear before the committee to elucidate the project from the standpoint of the state body.

The sanatorium committee was appointed at the November session of the supervisors. They will report their findings at the next meeting of the board in April.

At the present time it appears that this spring session will be held during the latter part of the month. It promises to be longer than ordinary since claims, which formerly were acted upon in November, are to be considered at this time.

Obituary.

Daniel Wesley Briggs.

In the death of Daniel Wesley Briggs, which occurred yesterday, his home in Johnson was a loss.

Briggs, who was a young man, a failure of several months from heart failure, the community and especially the people of Johnson have lost one of their aged and most valued citizens.

Briggs had lived in Johnson, a successful farmer, a genial friend, and a man whose advancing years brought him a keen appreciation of the value of life and sympathy in his associations with his neighbors.

Mr. Briggs was born January 23, 1838 in Oneida County, New York. He came to this county as a young man in the spring of 1865, and since that time has been a resident of Johnson.

In January 1871 he was united in marriage to Almira L. Scofield in the town of Johnson.

He is survived by one son, John S. Briggs of Janesville and by one daughter, Mrs. George C. Austin of Rock Prairie, also by a brother, Rev. E. T. Briggs of Rock Prairie, and several grandchildren and one great-grandson.

Funeral services will be conducted on Thursday at two o'clock in the afternoon from the home in Johnson. Burial will be in the Johnson cemetery.

Miss Cornelia Reddy.

Funeral services for Miss Cornelia Reddy will be held at two-thirty o'clock Thursday afternoon from the residence, 317 Madison street. The Rev. J. W. Laughlin of Oshkosh, pastor of the First Presbyterian church of this city, will conduct the services.

Benjamin D. Wixom.

The funeral of the late Benjamin D. Wixom was held this afternoon at one o'clock from the home, 623 South Main street. Services were conducted by the Rev. J. W. Laughlin of Oshkosh, pastor of the First Presbyterian church of this city, will conduct the services.

SURVEY OF SCHOOLS TO COMMENCE SOON

Officers to Notify State Department That Janesville is Ready for Work of Survey.

Superintendent H. H. Faust and J. T. Hooper were instructed by the board of education at its meeting last night to notify the state board of education that Janesville is ready to start the survey of its school system. It is likely that representatives from the state board will be in the city in a short time to conduct the preliminary tests.

Following this work, the assistance of outside experts will be secured to properly coordinate the results of the investigation and outline broadly constructive policies to be followed in the future, as the necessary changes in the schools are made.

Pending the fate of the legislative bill concerning the insurance of school buildings with the state insurance fund, the question of so protecting Janesville schools in place of insuring with local representatives of private corporations was laid on the table until the May meeting. Representatives attended the meeting, and there was considerable litigation before the motion to hold it over until the future of the bill is assured, was passed.

Secure Pastor for St. Peter's Church

Reverend G. J. Muller of Brooklyn, New York, to Preach First Sermon Here Last of April.

G. J. Muller of Brooklyn, New York, has been secured to fill the pastorate of St. Peter's English Lutheran church. Reverend Muller will preach his first sermon in this city April 29th, the last Sunday in the present year.

He is the pastor of the Church of the Incarnation, in Brooklyn, at which place he has been for the past six years. Mr. Muller is a young man, and if his activity in Brooklyn can be taken as a criterion, a most energetic one.

During the six years of his pastorate there, which was his first charge, he built the church up from one of but mediocre size and breadth of activity to an institution which attracts a large number of people. His work outside of the church, according to those who know of his pastorate there, has been one of great zeal and human understanding, and as a preacher he has won considerable success.

He further succeeded in building a large, modern church edifice.

Since the departure of the Reverend E. O. Hoffmeister last fall, the pulpit of St. Peter's has been filled by a temporary pastor, the Reverend Joseph Stump, professor in the theological seminary in Chicago, who has won the respect and admiration of the congregation during his short term here. It is with great satisfaction, however, that they secure a permanent pastor for the church, and the record of Mr. Muller's pastorate here is a most prosperous future for the local church.

Misses Doris and Dorothy White were Evansville visitors Thursday afternoon.

The Ladies Aid society of the M. E. church met Friday afternoon at the home of Mrs. J. W. Barnett.

Mrs. Jay Murray of Madison, is spending several days at the home of her sister, Mrs. Leslie Gillette, residing southwest of the village. On Friday afternoon she called on friends in town.

Ernest White and family have moved into the rooms over John Odegar's store.

Frank Milbrandt, Lyle and Otis O'Brien were Madison visitors Saturday.

Mrs. Lynn Johnson and Mrs. Jesse Leary spent Friday in Madison.

WHATCHAMA COLUMN.

Steamed Clams.

Next time we go back to the middle west we're going to serve our inland friends that famous sea-going dish, steamed clams.

It's very simple.

You immerse a box of young hot water bottles, steam thoroughly in a boiler, put the boiler in a bucket, set the bucket in a baby carriage, wheel the whole into the dining room and serve.

That's all there is to it.

We know. We ate a wagon load last night.

As we have frequently remarked—read the want ads—today and every day.

ANTI-SALOON MAN OPPOSES HART BILL

[SPECIAL TO THE GAZETTE.]

Madison, Wis., March 7.—J. J. McDonald, representing the Wisconsin Anti-Saloon League, appeared before the excise committee of the assembly yesterday afternoon to oppose certain features of the Hart bill relating to revocation of liquor licenses.

Assemblyman Hart offered a bill fixing a heavy penalty on a posted man who seeks to obtain liquor from another person. The last clause of his bill, however, provides that a liquor license shall not be revoked except for three violations of the law prohibiting the selling of liquor to posted men or minors.

"I think the first part of this law fixing a man who attempts to obtain liquor from another is good, but the last feature of the law makes it one of the worst bills in the legislature," declared Mr. McDonald. "It throws the door wide open for the state to make a law, it will do entirely away with the revocation statute so far as it applies to minors or posted men."

Assemblyman Hart said that a saloonkeeper did not often know a posted man, but that the court decision made mandatory upon the council the revocation of a saloon license.

Assemblyman Hart also urged the passage of a bill repealing the present law compelling the publication of applicants for liquor licenses and their bondsmen. He said that this placed an additional burden upon saloonkeepers of two dollars each, which he thought they ought not be compelled to bear.

No one spoke in opposition to the bill, although Mr. M. A. B. Smith of Madison protested that it gave the public information to have these applications published.

Assemblyman Evye spoke in favor of his bill, increasing the population ratio to saloons from one saloon to 500 to one saloon to 1,000 population. Ralph W. Jackson opposed the bill.

WOOD COUNTY KICKS ON HIGHWAY ROUTE

[SPECIAL TO THE GAZETTE.]

Grand Rapids, March 7.—Business men here and leading residents and farmers of Wood county are preparing to protest to the route of the highway proposed by the state highway commission. The proposed route is from Madison to Ashland, via Portage, Stevens Point, Wausau, Minocqua, Wood county residents favor the route by way of Bancroft, Grand Rapids, Marshfield, Spencer, Medford and Phillips. Assemblyman Whittingham of Wood county believes that the commercial interests of the state should be recognized in preference to that of tourists.

News Notes from Movieland

—BY DAISY DEAN—

Thomas Jefferson, the son of Joseph Jefferson who made Rip Van Winkle famous, has been re-engaged to play prominent character roles. He appeared in several of the earlier pictures and many critics declared his technique was such as to guarantee him a splendid future in the films.

Thomas Jefferson made his debut under the management of his father. Later he was in the companies of Lester Wallack and Augustin Daly. He was cast with such stars as Fanny Davenport, John Drew and Maurice Barrymore. On his father's illness Thomas Jefferson took hold of the "Rip Van Winkle" production and starred in it for several years.

A SAD, SAD TALE.

Mary Lawrence, Gertrude Homer and Louise Savage gave up their jobs at the White Star laundry the other morning and went down to Hank Mann's comedy-producing plant to hire out as extras.

There came a tragic moment in the picture when Hank, who essays the leading role, was dumped headforemost out of a window into a reservoir of mortar.

The girls were to register horror in horror's most horrible way. But, alas! They laughed. "And that's why Mary, Gertrude and Louise were back ironing collars Wednesday."

FARNUM'S PRIZES.

Fox players, working in the mountain near Truckee, Cal., got up a winter carnival.

There were contests in skiing, curling, etc.

The athletic Dustin Farnum donated twelve prizes.

And won every one himself, report members of the company.

Clara Kimball Young has at last finished furnishing her new apartments, which is said to include a Russian room, Louis XV. bedroom, a Chinese boudoir, and a modern music room. And along comes a "rave" from the press agent declaring that she has a costume and dog to match each room.

A naughty young woman to Thomas H. Ince, who has just refused her an impossible salary increase: "You know, Mr. Ince, I have two splendid offers to go east."

MYERS THEATRE.

Fredrik The Great.

With a bag full of tricks in his hand "Fredrik The Great," the magician and illusionist will come to the Myers Theatre commencing Friday, March 10, for two days.

It has been ten years since a magician of note has been in Janesville.

BERLIN NIGHT TRAVEL

Berlin, March 7.—The sudden curtailment of late even in transportation facilities in the interest of saving coal has been followed by strenuous protests regarding the inconvenience of night workers, which have led to a partial revision of schedules so that a few lines operate continuously.

Figures show that the horse omnibus lines, of which 22 were in operation before the war with 450 busses, have been reduced to 16 with but 350 busses. The 3,000 horses used in 1914 have shrunk to 2,400 and the smaller number of animals, obviously, has to work harder and on a smaller ration of feed than before.

In peace times there were 12 omnibus lines, with a total of 350 busses. Today there are only 16 lines, with but 350 busses. These two bus lines used to employ 4,000 male employees. Today it has but 1,100 male and female employees on its rolls. Horses have been slightly raised once, and are to be raised again, but it is a question of whether this increase in income will enable the concern to increase its number of lines.

A total of 2,500 taxicabs used to roll about Berlin and solicit trade in peacetime. Today there are a scant 500 aged and decrepit automobiles left, most of them now operating on iron tires and all of them only partly sufficient for the needs of the capital. The peace time quota of these cabs was 2,334. Now there are just under 900 of these vehicles, drawn by horses that challenge the pity of the would-be traveler and that show far more plainly than their poorly and bearded drivers the strenuousness of war.

Frank Mayo is planning to publish a book written around the various letters he has received.

Heart and Home Problems

BY ELIZABETH THOMPSON
LETTERS MAY BE ADDRESSED TO MRS. THOMPSON, IN CARE OF THE GAZETTE

Dear Mrs. Thompson: (1) How can you tell when you have found the right man?

I have been going with a man for a year. He does everything for me and wants me to get married. I don't know why. I am afraid I will make a mistake. I like to be in his company. I never quarrel and we agree on all subjects. Our tastes are alike in everything but I don't have dreams and think and long for him all day the way other girls say they do. When I think of having a home of my own, I know I would choose him, although I am not sure but still I seem to be in doubt. Will you please tell me if I am in love enough to marry him?

Dear Mrs. Thompson: (2) I wish women who are married would write on this subject so that the girls could take their advice.

There is no rule for knowing when you have found the right man. Even when a girl is desperately in love and feels that she could not live without the man, she sometimes finds after marriage that she was mistaken. When something within the girl says "no," she may be reasonably sure she has not found the right man. When she loves a man and is satisfied and is not continually looking for something more in another man, and when she looks brighter just because the man she loves is alive, a woman may be reasonably sure she has found the right man.

Dear Mrs. Thompson: (3) I am in love enough to marry him. I wish women who are married would write on this subject so that the girls could take their advice.

Household Hints

HONEY RECIPES.

Honey Tea.—To reduce the high cost of living try using "honey tea" as a hot drink for the morning or evening meal. It is especially good for children and elderly people. This is an old German recipe and is made by measuring one tablespoon of strained honey for each cup of tea wanted. Pour over it one cup of boiling water for each tablespoon of honey. Serve very hot with cream, the same as coffee. Honey Cookies.—One and one-half cups sugar, one cup strained honey, one and one-half cups shortening, two cups sweet milk, pinch salt, two level teaspoons baking powder, flour enough for soft dough, flavor with lemon or vanilla.

THE TABLE.

Poppie With Dumplings.—Take one and one-half pounds stewing veal and one pound pork. Cut in small pieces, add one onion cut fine, let boil until nearly done, add diced potatoes, give it chopped fine, season with salt and pepper. Drop dumplings in, cover tightly and cook fifteen minutes. Dumplings: Sift one pint flour, one cup teaspoon salt, two small teaspoons baking powder. Beat one egg light, add egg one-half cup cold water, stir this into dry mixture. If too stiff add enough water to drop dumplings from spoon. Cook fifteen minutes and never lift the lid.

Escaloped Sauerkraut.—One can or two pounds sauerkraut cooked till tender, one pound broiled beef, one pound onion, one pound potatoes, filling up a baking pan. Have top layer of kraut. Put on top of potatoes, sauerkraut, beef, onion, and sausage. Serve five. With this meal no potatoes need be used.

Foamy Salad Dressing, like whipped cream, dressing one tablespoon flour, one teaspoon dry mustard, one-half cup sugar, pinch of salt. Mix smooth with sweet or sour cream or milk, add beaten yolk of one egg, one tablespoon butter, one-half cup weakened vinegar. Add this slowly, place on stove and cook slowly stirring all the time. When thickened, remove from stove. Have ready the white of the egg beaten stiff. Now pour cooked mixture slowly into the beaten white of egg, as you do for ice cream. It is a process that assures a light, foaming dressing. It needs no cream to thin it or make it light. Especially good on fruit; easy to make and cheap.

Peas and Sandwiches.—One stale sponge cake, one-half teaspoon cinnamon, one can peaches, grated rind of one orange, two tablespoons butter, one pint whipped cream, one-half cup fruit juice, one-half cup sugar. Slice cake into half-inch slices. Stamp out with a fancy cutter twice as many pieces as you have persons to serve. Heat butter in a pan. In the pieces of cut-out sponge cake, remove them to a platter. Drain peaches; have as many halves of peaches as you have pieces of cake. Fry the peaches in the butter and the sugar, fruit juice and grated orange peel. When these are hot add the drained peaches. Cook five minutes and it is ready to serve.

Salmon Blanche.—Open a can of salmon, turn out contents an hour before making soup. With a silver fork pick the pieces and take out all bits of bone and skin. Put fish into sauce pan; add enough boiling water to cover, let simmer gently half hour. Drain off water and break fish to a soft mass. Dissolve pinch of soda in pint of milk and heat in double boiler with half cup cracker crumbs. Stir in the boiling fish and curd milk. Then thicken with two tablespoons flour rubbed in to two of butter. When thick and smooth, stir in the minced fish, season with salt and pepper and serve. Very good for luncheon.

Salmon Turbot.—One can salmon, boned; place in bottom of baking dish. Make dressing of one pint beepsoms butter, salt and pepper. Cook well and pour over salmon. Put on this a layer of bread crumbs; bake.

CELEBRATE BURBANK'S BIRTHDAY BY SETTING OUT HIS WONDER DAHLIA

[SPECIAL TO THE GAZETTE.]
Oakland, Cal., March 7.—Luther Burbank, the wizard of Santa Rosa, is 68 years old today. He has virtually declared a holiday, and most of the population will gather to attend the set-

ting out of Burbank's Oakland dahlia, said to be the largest white dahlia ever produced. The Burbank Oakland dahlia henceforth will be Oakland's official flower. A bulb from the new dahlia will be presented also to each of the other 47 cities in the United States named Oakland. This will be the compliment paid by the other Oaklanda in presenting her each with a live oak tree to be planted beside Oakland's official oak in City Hall plaza.

"SAVE THE BABIES."
These are authentic quotations from the pamphlet on babies by Dr. L. Emmett Holt, M.D., Columbia University.

A child 2 to 3 years old should have for breakfast: The juice of one sweet orange, or the pulp of four or five stewed prunes, or applesauce. Either a well cooked cereal, cornmeal, Pettibone, oatmeal, cracked wheat, wheateas, all well salted and not more than one-half teaspoonful of sugar, and milk added.

Or a soft boiled or poached egg with stale bread or crisp toast. Also a glass of warmed milk. Give him a glass of warm milk at 10:30 also.

750 GIRLS GIVE A REGULAR CIRCUS TODAY

[SPECIAL TO THE GAZETTE.]
New York, March 7.—Seven hundred and fifty girls in a three ringed circus, with animals, red lemonade, pink popcorn, crackjack side show, ballhoos and all the regular trimmings is what the girls of the city are preparing for this afternoon.

They're regular girls too, lots of them society girls and lots of them not. They're staging the circus in Madison Square Garden for the benefit of the Vacation association and the show is backed by such society leaders as Miss Anne Morgan, Mrs. August Belmont, Mrs. Robinson Smith and others.

Chief among the attractions will be the bevy of girl clowns, for which Sam McCracken searched the country for months. He declined to sign any contract that they could look, stand, walk, talk and just naturally be funny. The circus will give performances every day for four days.

FOND DU LAC TEACHERS ON EMPLOYMENT BUREAU

[SPECIAL TO THE GAZETTE.]
Fond du Lac, March 7.—Three members of the high school faculty have been appointed by Superintendent of Schools Robert J. Smith as members of the employment bureau which is co-operating with manufacturers and employers in finding positions for high school pupils before and after school hours and on Saturdays, as well as during summer vacation.

MILWAUKEE WOMEN MEET TO DEVISE PLANS FOR AID IN CASE OF HOSTILITIES

Milwaukee, March 7.—Five hundred presidents and officers of women's clubs met here today to consider plans for the formation of a unit of patriotic women who would be ready to offer their services in event of war. Mayor Daniel Hoan has endorsed the move.

HEALTH TALKS

BY WILLIAM BRADY, M. D.

LETTERS MAY BE ADDRESSED TO DR. BRADY, IN CARE OF THE GAZETTE

NUTRITIVE VALUES

All foods in nature contain varying proportions of protein, fat, carbohydrate, or sugar, and starches, and mineral substances which remain as ash after the food has been burned.

A fair average ration for an adult doing light work includes 2½ ounces of protein, 2½ ounces of fat, and from ten to fifteen ounces of starch and sugar. A menu which supplies these quantities will be a healthy one.

Of course, include many ounces of indigestible matter as well, such as cellulose or the woody fibre of vegetables and fruits. The amount of mineral water in the diet is a very important feature, will take care of itself if the blood is not denatured, that is, not too refined or otherwise too thoroughly prepared for the table.

Refined white flour is the staple of the nation, mineral salts will be deficient, and anemia, faulty digestion, constipation, and a tendency toward nervous troubles will be inevitable.

The same applies to the habitual use of polished rice, refined white sugar, polished boiled peels, apples eaten when the skins are peeled, and other degrees of insidious adulteration makes mollycoddle flesh.

The nutritive value of a food depends upon the amount of energy it will yield when it is burned up in the body. Muscular exertion, mental work, and organic function are the ways in which the body expends energy, and fuel is burned to supply the energy. Some foods are better fuel than others.

The unit of measurement of the fuel value of food materials is called a calorie. A calorie is the amount of heat required to raise one gram of water 1 degree Centigrade in temperature, or a pound of water 4 degrees Fahrenheit. If a gram of fat is burned it yields about 9 calories; a gram of sugar yields about 4 calories; a gram of carbohydrate (sugar or starch) yields about 4 calories. Makes no difference whether you burn it in the body to supply body heat or energy, or in a chemical apparatus for experiment. A gram is about one-thirtieth of an ounce.

An adult of average dimensions doing light work requires about 3,000 calories a day. A ration which furnishes 2½ ounces (75 grams) of protein (grams), 2½ ounces (75 grams) of fat gives about 950 calories; fourteen ounces (450 grams) of starch and sugar yields 1,800 calories; this gives a total of approximately 3,000 calories, which is ideal.

If a man works outdoors in cold weather he requires a little more food to maintain body temperature. If he works indoors, a little less. In winter, more; in summer, less. In a cold climate, more, in a warm climate, less. In subsequent talks some sample menus for different classes of people under different conditions will be described.

The following publications will be found instructive for those who desire to take up the gentle sport of calisthenics—that is, adjusting one's meals to one's real needs: Chemical Composition of American Food Materials, Bulletin No. 287, Agriculture, Washington, D. C. (obtainable for 10 cents in coin, from Supt. of Documents: Annual Report Com. Agricultural Experiment Station, New Haven, Conn., Food Products and Drugs, 1913, Part, Section 1 (free).

PAINS SHARP AND STABBING

Woman Thought She Would Die. Cured by Lydia E. Pinkham's Vegetable Compound.

Ogdensburg, Wis.—"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength and I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."—Mrs. Emma Dorton, Ogdensburg, Wis.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

OHIO WOMAN'S WISH

For Tired, Weak, Nervous Women.

Bellefontaine, Ohio.—"I wish every tired, weak, nervous woman could have Vinol. For I have spent any money in my life that did me so much good as that I spent for Vinol. I was weak, tired, worn out and nervous, and Vinol made me strong, well and vigorous after everything else had failed to help me, and I can now do my household work with pleasure."—Mrs. J. P. Lamborn.

We guarantee Vinol, which contains beef and cod liver, peptonates, iron and manganese peptonates, and electrolytic phosphates, for all weak, rundown nervous, debilitated conditions.

Smith Drug Co., Janesville, Wis. Vinol is sold in Broadway by W. J. Smith. Also at the leading drug stores in all Wisconsin towns.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lousy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirit.

10c and 25c a box. All druggists.

A GOOD FRIEND

A good friend stands by you when in need. Janesville people tell how Don's Kidney Pills have stood the test. Mrs. Johnson endorsed Don's over eleven years ago and again confirms the story. "Can you ask for more convincing testimony?"

Mrs. Eliza O. Johnson, 115 North Terrace St., Janesville, says: "I was troubled with a very weak back and continual pains and weakness. I had a miserable feeling across my loins and a heavy, bearing-down pain which came from kidney trouble. Don's Kidney Pills, procured at the People's Drug Co., greatly benefited me. I have since used them for years. I have the same confidence in Don's Kidney Pills now as when I first recommended them."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Don's Kidney Pills—the same that Mrs. Johnson has wisely publicly recommended. Foster-McBride Co., Props., Buffalo, N. Y.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

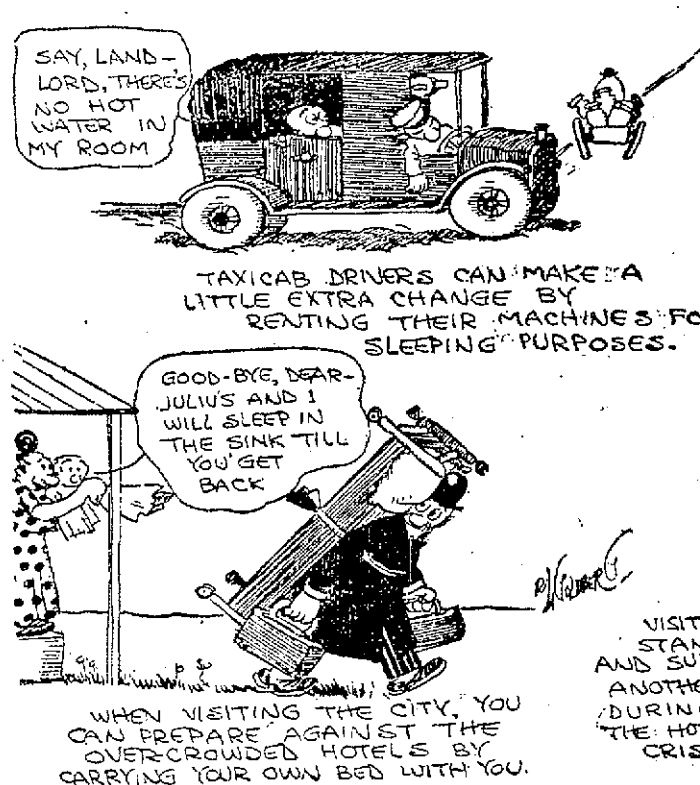

Musterole is a clean, white ointment made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. The little jar tells you what relief it gives from sore throat, congestion, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

ALL THE BIG HOTELS ARE OVERCROWDED, SO—

HEART OF THE SUNSET

By REX BEACH

Author of "The Spoilers," "The Iron Trail," "The Silver Horde," Etc.

Copyright by Rex Beach, 1916

Dave reluctantly turned upon her a pair of eyes in the depths of which

"You Went to School in the East, Didn't You?"

there lurked the faintest twinkle.

"Cornell," said he.

Alaire gasped. After a while she remarked, stiffly: "You have a peculiar sense of humor."

"Now don't be offended," he begged her. "I'm a good deal like a chameleon; I unconsciously change my color to suit my surroundings. When we first met I saw that you took me for one thing, and since then I've tried not to show you your mistake."

"Why did you let me send you those silly books? I dare say you've had a fine laugh at my expense."

"No!" gravely denied the man. "They had come to an array containing a considerable stream of muddy water, and Law was forced to get out to plug the carburetor and stop the oil intakes to the crankcase. This done, Alaire ran the machine through on the self-starter. When Jose's 'Carabans' and Dolores' shrieks had subsided, and they were again under way, Mrs. Austin, it seemed, had regained her good humor."

"You will receive no more of my favorite authors," she told Dave, spitefully. "I'll keep them to read myself."

"Do you still believe in chivalry?"

Alaire turned her eyes upon the questioner, and there were no girlish illusions in them. "Do you?" she queried, with a faint curl of her lip.

"Why—yes."

She shook her head. "Men have changed. Nowadays they are all selfish and sordid. But—I shouldn't generalize, for I'm a notorious man-hater, you know."

He nodded, whereupon she eyed him speculatively. "Let us see. You are a man—how far would you go for the woman you loved?"

"The limit!"

Mrs. Austin frowned at this light, seeming answer. "I suppose you mean that you would make any sacrifice?"

"Yes; that's it."

"Would you give up the woman herself, if you considered it your duty?"

"No. There couldn't be any duty higher than love—to my way of thinking. But you shouldn't take me as a specimen. I'm not a good representative of my sex."

"I think you are a very good one," Alaire said quietly, and Dave realized that no flattery was intended.

Despite the rough roads, they made fair time, and the miles of cactus and scrubby brush rolled swiftly past. They stopped at various good ranches to inquire about Adolfo Urbina, and at noon halted beside a watercourse for lunch.

Dave was refilling the radiator when he overheard Jose in conversation with Mrs. Austin.

"Nowhere a trace!" the horse-breaker was saying. "No one has seen him. Poor Rosa Morales will die of a broken heart."

Alaire explained to her guest: "Jose is worried about his cousin Panfilo. It seems he has disappeared."

"So! You are Panfilo's cousin?"

Dave eyed the Mexican with new interest.

"SI!"

"You remember the man?" Alaire went on. "He was with that fellow you arrested at the water-hole."

"Oh, yes. I remember him." With steady fingers Dave shook some tobacco into a cigarette paper. He felt Alaire's eyes upon him, and they were eloquent of inquiry, but he did not meet them.

Jose frowned. "No one at La Feria has seen him, and in Pueblo there was not a word. It is strange."

"Panfilo was in bad company when I saw him," Law finished rolling his cigarette and lit it, still conscious of Alaire's questioning gaze. "He may have had trouble."

"He was a good man," the horse-breaker asserted. "If he is dead—"

The Mexican's frown deepened to a scowl.

"What then?"

Jose significantly patted the gift revolver at his hip. "This little fellow will have something to say."

Dave looked him over idly, from head to heel, then murmured: "You would do well to go slow, compadre. Panfilo made his own quarrels."

"We were like brothers, and I do not know of any quarrels. But I shall find out. I am not given to boasting, senor, but I am a devilish bad man in my way."

Nothing more was said during the luncheon, but when Alaire had finished eating and her two employees had begun their meal, she climbed the bank of the arroyo ostensibly to find a cool spot. Having succeeded, she called to Dave:

"There is a nice breeze up here."

The Ranger's face set; rising slowly, he climbed the bank after her. When they stood face to face in the shade of a gnarly oak tree, Alaire asked him point-blank:

"Where is Panfilo Sanchez?"

Dave met her eyes squarely; his own were cold and hard. "He's where he dropped at my second shot," said he.

He could hear his companion's sharp inhalation. He did not flinch at the look she turned upon him.

"He was practically unarmed! What do you call—such an act?"

Dave's lips slowly whitened, his face became stony. He felt himself pitilessly condemned.

"Why didn't you tell me at the time?" she asked. "Why didn't you report it?"

"I'll report it when you give me permission."

"I?—What?" She wheeled to face him.

"Think a moment. I can't tell half the truth. And if I tell everything, it will lead to gossip."

"Ah! I think I understand. Mr. Law, you can be insulting."

For the first time the man lost muscular control of his features; they twitched, and under their tan his cheeks became sickly yellow.

"You're no right to say that," he told her harshly. "You've plumb overstepped yourself, ma'am, and—I reckon you've formed quite a wrong opinion. Panfilo had his six-shooter and he used it; he intended to ambush me and release his companion, but I forced his hand; so it ain't what I'd call murder; I haven't lost any sleep over it. I—"

"You are utterly ruthless."

"Yes! I'm not what you would consider a nice person; the death of Panfilo Sanchez means nothing whatever to me. If you can grasp that fact, you'll see that your own reputation weighed heavier in my mind than the lives of a dozen Mexicans—or whites, for that matter."

"I go anywhere, everywhere. No one has ever had the effrontery to question my actions," Alaire told him, stiffly.

"And I don't aim to give 'em a chance," Dave was stubborn.

There was another interval of silence.

"You heard what Jose said. What are you going to do?"

Dave made a gesture of indifference. "It doesn't greatly matter. I'll tell him the truth, perhaps. You might warn him against any foolishness. Jose has some sense."

The woman looked up curiously. "Don't you know how to be afraid? Haven't you any fear?" she asked.

Dave's gray eyes were steady as he answered: "Yes! I'm afraid this thing is going to spoil our friendship. I've been desperately afraid all along."

that I might have hurt your reputation. Even now I'm afraid, on your account, to make public Panfilo Sanchez's death. Yes, I know what it is to be afraid."

It became evident to Dave, as the afternoon progressed, that they would be very late in arriving at Las Palmas, and he began to fear that his hostess would feel in duty bound to insist upon his spending the night at her home.

But as if his thoughts were telepathic messages, she did the very thing he feared.

"We won't be in before midnight," she said, "but I'll send you to Janesville in the morning."

"Thank you, ma'am—I'll have to go right through."

"I'll get you there in time for business. We've gained a reputation for inhospitableness at Las Palmas that I want to overcome. Mr. Austin ought to know," she added, "about this matter we were discussing, and I want him to meet you."

"He has!" Dave said, shortly; and at his tone Alaire looked up.

"So?" She studied his grim face.

"And you quarreled?"

"I'd really prefer to go on, ma'am. I'll get to Janesville somehow."

"You refuse to stay under his roof?"

"That's about it."

"I'm sorry." She did not ask for further explanation.

The windows of Las Palmas were black, the house silent, when they arrived at their journey's end; Dolores was fretful, and her mistress ached in every bone. When Jose had helped his countrywoman into the house, Alaire said:

"If you insist upon going through, you must take the car. You can return it tomorrow."

"And—about Panfilo?" Dave queried.

"Wait. Perhaps I'll decide what is best to do in the meantime. Good night."

Law took her extended hand. Alaire was glad that he did not fondle it in that detestable Mexican fashion of which she had lately experienced so much; glad that the grasp of his long, strong fingers was merely firm and friendly. When he stepped back into the car and drove off through the night, she stood for some time looking after him.

Blaze Jones had insisted that Dave live at his house, and the Ranger had accepted the invitation; but as it was late when the latter arrived at Janesville, he went to the hotel for a few hours' rest. When he drove his borrowed machine up to the Jones house, about breakfast time, both Blaze and Paloma were delighted to see him.

"Say, now! What you doing rolling around in a gasoline-go-devil?" the

elderly man in the old law was forced to explain.

"Father has never learned to drive a car without yelling 'Gee' and 'Haw,'" laughed Paloma. "And he thinks he has title to the whole road, too. You know these Mexicans are slow about pulling their wagons to one side. Well, father got mad one day, and when a team refused him the right of way, he whipped out his revolver and fired."

Blaze smiled broadly. "It worked great. And believe me, them Greasers took to the ditch. I went through like a hot wind, but I shot up sixty-five catridges between here and town."

"Why didn't Mrs. Austin ask you to stay all night at Las Palmas?" the girl inquired of Dave.

"She did."

"Wonderful!" Paloma's surprise was evidently sincere. "I suppose you refused because of the way Ed treated you. Tell me, is she nice?"

"She's lovely."

This vehement declaration brought a sudden gleam of interest into the questioner's eyes.

"They say she has the most wonderful gowns and jewels, and dresses for dinner every night. Well"—Paloma tossed her head—"I'm going to have some nice clothes, too. You wait!"

"Now don't you start rigging yourself up for meals," Blaze said, warningly. "First thing I know, you'll have me in a full-dress suit, spillin' soup on my shirt." Then to his guest he complained, feelingly: "I don't know what's come over Paloma lately; this new dressmaker has plumb stampeded her. Somebody'd ought to run that feline out of town before she ruins me."

"She is a very nice woman," complacently declared the daughter; but her father snorted loudly.

"I wouldn't associate with such a critter."

"My! But you're proud."

"It ain't that," Blaze defended himself. "I know her husband, and he's a bad hombre. He backed me up against a waterin' trough and told my fortune yesterday. He said I'd be married twice and have many children. He said I loved widows, and unless I was poisoned by a dark lady I'd live to be eighty years old. If I'd had a gun on me, I'd have busted him for some of the things he said. 'A dark lady'! That's his wife. I give you warnin', Paloma, don't you ask her to stay for meals. People like them are dangerous."

"You're too silly!" said Paloma. "Nobody believes in such things."

VENICE AIRMEN'S TARGET 21 TIMES SINCE WAR BEGAN

[SPECIAL TO THE GAZETTE.]

Venice, March 7.—Venice has been attacked from the air 21 times since the beginning of the war. The first bombardment took place the day war was declared. All the attacks have been by aeroplanes. The number of visits were eight in 1915 and thirteen in 1916.

Warning as to Our Waning Vitality

(By Lee Herbert Smith, M. D.)

In urging upon the country the observance of last Dec. 6 as "Medical Examination Day," the Life Extension Institute issued a circular in which every man should take stock of his physical condition just as frequently as he takes stock of his financial condition, thereby learning his weak spots and taking measures to repair them before it is too late.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, generally weak, tired and listless, one should take a spring tonic. One that will do the spring housecleaning, an old-fashioned herbal remedy that was used by everybody 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made up of blood root, Golden Seal root, Oregon Grape root, Queen's root, Stone root, Black Cherry bark—extracted with glycerine and made into liquid or tablets. This blood tonic was first put out by Dr. Pierce in ready-to-use form and since then has been sold by million bottles as Dr. Pierce's Golden Medical Discovery. If druggist does not keep this in tablet form, send \$1.00 to Doctor V. M. Pierce, Buffalo, N. Y.

Kidney disease carries away a large percentage of our people. What is to be done? The answer is easy. Eat less meat, eat coarse, plain food, with plenty of vegetables, drink plenty of water between meals, and take an uric acid solvent after meals for awhile, such as Anuric (double strength), obtainable at almost any drug store. It was first discovered by Dr. Pierce. Most every one troubled with uric acid finds that Anuric dissolves the uric acid as hot water does sugar.—Advertisement.

Dinner Stories

Little Timothy went to visit his aunt Elvira, a dignified and severe woman, who owned a parrot. One morning, coming unexpectedly upon Timothy and the bird, she was horribly shocked to hear the little boy, using some profane words.

"I do believe you're trying to teach my parrot to swear," the boy replied. "I'm just telling it what it mustn't say."

Recently Judge, Fisher of the Chicago morals court had occasion to sentence a colored woman offender to the house of correction for six months. The woman grew most irate and protested vehemently while the officers of the court escorted her to the waiting room across the hall.

Several of the probation officers and deacons to appease her, but to no purpose. She was loud in her opinion that the "Jedge" had been unnecessarily severe.

"You mustn't say that. You can't complain," declared one of her advisers. "Judge Fisher is very fair and is always very liberal."

"Yes, I know all about that," she shouted the woman. "He certainly was LIBERAL enough with my time."

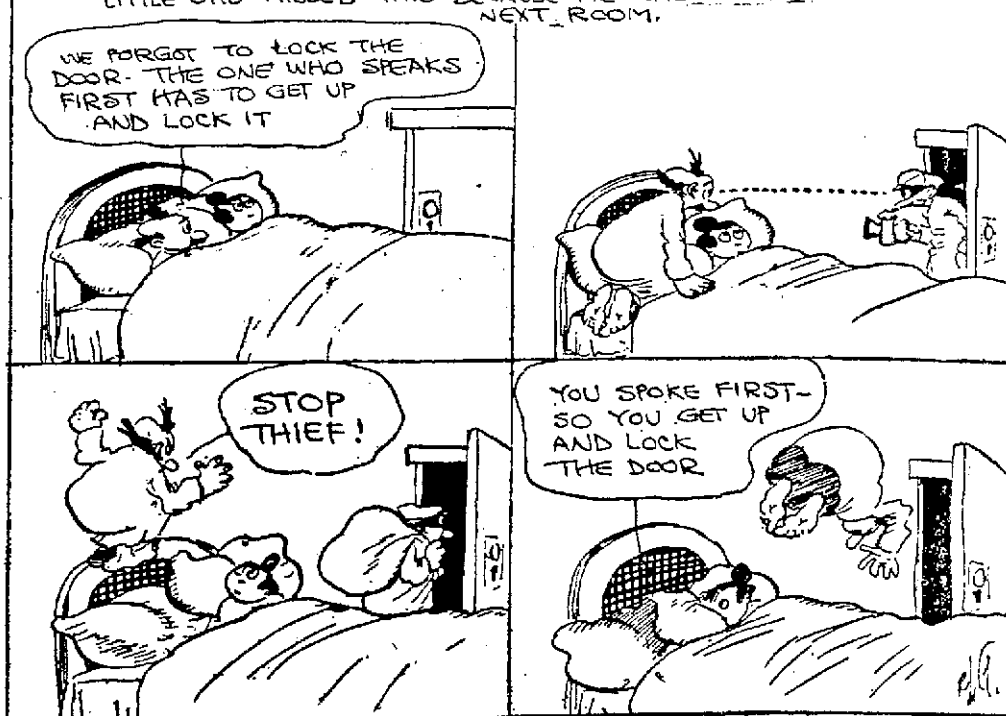

"Thin eyes!" cried Montmorency, the matinee idol. "Thin eyes are like the stars aloft!"

At these words of devotion Gwendolyn burst into tears.

"And thy tears!" gasped her stage lover. "Thy very tears are like pearls to me!"

"Tears is right, kiddo," whispered his leading woman, averting her breath. "Them tears cost me more than polka, when you think what I pay for raw onions, what brings on me weeps. Tears is right!"

GIVEN LONG SENTENCE ON MANN ACT CHARGE

[BY ASSOCIATED PRESS]

Milwaukee, Wis., March 7.—A sentence of eight years on one count and five years on six other collective counts of an indictment was the penalty imposed on Anastasios Konstantopoulos by Judge Geiger in the federal court for violation of the Mann white slave act. The sentence will be served concurrently at Fort Leavenworth, Mo. Konstantopoulos, who will not be sixteen years of age until October, was the "woman" in what the court termed a most pathetic case.

HOLLAND AND GERMANY IN IRON EXPORT PACT

[SPECIAL TO THE GAZETTE.]

Amsterdam, March 7.—Negotiations have been going on for some time between the Dutch and German governments for the adjustments of the export of iron and steel from Germany to Holland are now nearing satisfactory completion. Pending the conclusion of a definite agreement, permission has been given for the export of materials lying in readiness for transit. Transport will have to be by water owing to shortage of cars on the German railways.

What Does the Brewing Industry Mean to Wisconsin?

IT means millions paid annually for City, State and Federal taxes; it means millions paid every year to Wisconsin farmers for corn, oats, barley, hay and other farm products; it means millions paid to the railroads every year for cars and freight; it means many millions more annually for coal, bottles, cooperage, harness, wagons, machinery and other supplies.

To vote this immense industry out of business would mean a tremendous disruption of Wisconsin's commercial life. The financial effects would be far-reaching.

There is a personal side to the question, too.

There are fifteen thousand people directly employed in the 135 breweries, large and small, scattered throughout the State; about twenty-eight thousand employed in the retail trade and thousands of farmers who profit from raising barley and other grains consumed in the industry.

Would you advocate tearing down—destroying—confiscating this great industry which has played such a vital part in the development of Wisconsin?

Would it be right—or fair—or just?

Keep in mind what Justice Brewer of the United States Supreme Court, said:

"I am here to say to you in no spirit of obnoxious or unpleasant criticism of any tribunal or judge, that the demands of absolute and eternal justice forbid that any private property, legally acquired and legally held, should be spoliated or destroyed in the interests of public health, morals or welfare, without compensation."

HIGH SCORES ROLLED IN A. B. C. TOURNAMENT

[SPECIAL TO THE GAZETTE.]

Grand Rapids, March 7.—Several scores that seem certain to figure in the final prize list were made by minor event players in the American Bowling congress tournament here Tuesday afternoon. The leaders established in the opening rounds were John T. Hosen and A. Brechtling of Grand Rapids, who rolled 1,129 in the doubles, and Charles Landauer, who dropped 583 in the individual event.

The players Tuesday afternoon were local men. The Experts No. 1 of Grand Rapids were still high in the five man event with 2,435, reaching carried his partner in the doubles with 600 even. J. Gerhardt scored 567 in the singles.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulberry cocoon oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoons will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulberry cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

JACK BARRY'S BRAINS ARE RED SOX'S TEST

(SPECIAL TO THE GAZETTE.)

Boston, March 7.—Whether Boston can repeat its American league championship again this year depends, it is admitted, upon whether Jack Barry, new manager of the world's champions, can drive his men in the same speed attained by Bill Carrigan.

Jack started south today with his first string men. Battery men and newspaper men were in the party that climbed aboard a train here for Hot Springs, Ark., where the team again will condition itself.

Charles Wagner, Joseph Devine, Forest Gady, and battery men not in Boston will join the team en route.

The Red Sox present the same solid front this year as a year ago. The battery men appear, if anything, to be slightly stronger than when they took the championship, and if that's the case little more could be expected.

Babe Ruth, outfield star, should be better this year. He has had more experience. Whiskey and Penneck, two hurlers who have been a long time arriving, are expected to show at their best this year. Joe Wood, arm, on his own declaration, is ready for another long season. George Foss, says he has recovered his cunning and will accompany the first party to Hot Springs. Dutch Leonard, Knickerbocker and Carl Mays are expected to be just as good as ever.

The outfield probably will be composed of the veterans, Lewis and Humpal, with Charney Walker and Chick starter alternating in the middle garden against right and left hand pitching. This is an outfield which stands out as one of the best in the game, combining hitting with hitting power.

There is nothing uncertain about the infield. Dick Hobitzel and Ed Heiser are available for first base. Manager Barry will be at second, Robert Scott at shortstop and Larry Gardner at third base. There will be no deviation from this unless Marcell Dunlap is found for a time at second in order to give Barry a chance for rest.

The infield defense of the Red Sox is only slightly less efficient than the formidable pitching staff which has aided the Sox into two world's championships in as many years. It is a defense which threatens with such a vicious force that it is almost impossible for an opposing team to send a winner run over in a close game.

The offense of Jack Barry, balancing every cog, the readiness of the infield, the power of the outfield, the club as a unit, all in the country.

The Red Sox and the Dodgers will open a series of spring exhibition games when they appear March 28 in Chicago. From there they will go to St. Louis for March 29; Oklahoma City, March 30; Kansas City, Mo., March 31 and April 1; Davenport, Ia., April 2; St. Paul, Minn., April 3; St. Louis, Mo., April 4; Lafayette, Ind., April 5. The teams will separate at the end of April and play their first regular game April 7.

BILL CHANDLER SAVES BADGERS FROM DEFEAT

Turns Slow Contest into One of Speed

When Indian Takes Lead Over Wisconsin—Finals Is 20-13.

Bill Chandler and George Olson played the Badger basket ball out of a hard hole in the second half of the Indiana game Tuesday night, and although the cardinal was not going well Wisconsin beat the Hoosiers by a score of 20 to 13.

Schulter, who went in for Indiana at the beginning of the second half when the score stood 9 to 7 in favor of the Badgers, slipped in three baskets in a race and sent Indiana into the lead, with Carlson and Meyers starting on the defense.

Bill Chandler came to the rescue and turned a slow game that looked like a defeat into a spectacular victory for Wisconsin. The lineup and summary:

Olson..... 10..... Williams..... 10..... Bushman..... 10..... Chandler..... 10..... Simpson..... 10.....

Substitutions: Carlson for Simpson, Melrose for Williams, Schulter for Muller, Reed for Williams. Field goals: Wisconsin—Olson 10, Melrose 10, Carlson 10, Williams 10, Schulter 10, Free throws Chandler 10, Williams 10, Reed 10, Bushman 10, Simpson 10.

MITCHELL AND KNAPP PLAY WITH MILWAUKEE "M" CLUB AGAINST INDIANA TONIGHT

Coach Jumbo Stehm of the Indiana university basketball team will bring his quintet to Milwaukee tonight to play the Milwaukee normal "M" club at the Y. M. C. A. Stehm was a student at the University of Wisconsin a few years ago, and played basketball under the instructions of Coach Angell, who coaches the Milwaukee Normal "M" live at the present time. Such players as Mitchell and Knapp will perform for the normal quintet, which is expected to give the university squad a hard battle.

BELOIT FIGHT CLUB APPLICATION O. K'D

Permit to Line City Association Will Be Issued When Papers Are Put in Shape.

(SPECIAL TO THE GAZETTE.)

Milwaukee, Wis., March 7.—The application of the Line City Boxing association of Beloit for a license was approved by the state athletic commission at a meeting held on Monday. The club will be given a permit as soon as it gets its papers in shape.

The question of whether Darcy will box in Milwaukee was not considered at the meeting. The commission is still waiting to learn the identity of Darcy's manager, if O. Sullivan is that estimable person the commission will hold that both the Cream City A. C. and the Milwaukee Athletic club have contracts with the Australian, and he will be forced to go through with the agreements before he can negotiate any other contracts in this state.

Considerable routine business was also transacted by the board.

EXPECT 5,000 AD MEN AT JUNE CONVENTION

(SPECIAL TO THE GAZETTE.)

St. Louis, March 7.—Ten thousand advertising men at the national convention of the Associated Advertising Clubs of the world here in June will promote but to compel absolute honesty in advertising, both among newspapers and advertisers themselves in the United States.

The groundwork, the advertising men feel, has been laid by their several years' campaign advocating honesty in advertising. A number of newspapers have inaugurated honest advertising campaigns, and much progress, the organization feels, has been made. Now the plan will be to go out and actively fight dishonest advertising on a national scale.

The club's national vigilance committee has done a lot of this work already, but this will be increased and developed, the committee forming the basis for the national campaign for honesty in advertising.

NO FOREIGN PRINCES OCCUPY DUCAL THRONE

Munich, March 7.—A bill for excluding foreign princes from any possibility of succeeding to the ducal throne is now before the diet of Saxony-Coburg-Gotha. The chief aim of the measure is to make it impossible for any English prince to become duke of Coburg in the event of the present duke, who is a grandson of Queen Victoria, dying without a male heir.

CARDINALS WILL PLAY TWO CHAMPION SERIES

FOUR GAMES ON SCHEDULE UP TO TUESDAY NIGHT—DISTRICT AND STATE TITLES ARE AT STAKE.

FONDY AND STOUGHTON

Meet Oswego Five in Two Games This Week and Wagon-makers Here on Saturday Night.

THIS WEEK'S SCHEDULE.

* Thursday—Cards vs. Co. E. at Fond du Lac.
* Friday—Cards vs. Co. E. at Fond du Lac.
* Saturday—Cards vs. Stoughton, here.
* Next Tuesday—Cardinals vs. Stoughton at Stoughton.

Manager George W. Caldwell has a strenuous schedule mapped out for the Lakota Club Cardinals, beginning tomorrow night and continuing up to Tuesday of next week. All three games this week are important, the two against Fond du Lac tomorrow and Friday night and the one against the Stoughton wagon-makers on Saturday night which opens up a series for the southern Wisconsin championship. The return game will be played at Stoughton, Tuesday evening. The date of the next contest has not been definitely decided on.

The games against the Fond du Lac bunch will be real championship affairs. The upstate town is basketball crazy and like last year has imported the Lakota Club Cardinals to represent its military company for the season. What the Cards did to this aggregation of touring easterners before they landed in the pine stump district is strengthened by "Supe" Murphy and another Rockford man, the Lakotas trounced them 23 to 15, holding the visitors in the long field baskets in the second half.

The Cards, however, do not expect to have such easy going on either Thursday or Friday night. Beating them on their home floor is another question, but it is felt that the Beaver City quintet will take both games, though, by very small margins it must be said.

Murphy and Johnson, forwards, Laval, guard, and Campbell and Roberts, guards, the regular Oswego five are playing at Fond du Lac. To beat them twice on the strange floor would put several more feathers in the Lakota's already well-decorated war bonnet, and every member of the team is out to do it.

Our old friends, Mitchell and Knapp, the long and sleek who are to be on the job, "Mokey" Dalton will return from Dubuque, Manager Caldwell said this morning, and will play in both games and against Stoughton. Caldwell, who is Manager Basile commented upon when he was here to meet the Oswegoans, and witness their tussle with the Cards, will make the trip, and another of our old standbys, Eddie Atwood, will be in the line-up. Eddie will play but one of the games it was stated today. He will be in the pivotal position and if trial of the military tossers ever had anything on the Carroll star, we failed to see it. Who will play center in the second game is unknown.

Friday night Co. E. trimmed the Minneapolis Ascensions, 25 to 9. The Cards, the following night, took the Gopher champions into tow to the tune of 50 to 19. Figure it out for yourself.

Port Washington, loud in their claims of the Badgerdom honors, defeated Co. E at Port Washington, 20 to 14.

BRITISH HAVE BIG SUPPLY OF CONTRABAND

(SPECIAL TO THE GAZETTE.)

London, March 7.—A half dozen large American department stores could be stocked with the great mass of merchandise now in possession of the English customs officers. The goods have been seized under the blockade at sea and in port, under the British customs laws as being of suspected enemy origin. The articles include almost everything from pins to pianos. The bulk of the goods came from Scandinavian ports, and were consigned to nearly every country outside the British empire.

9 TEAMS ENTERED IN TOURNAMENT AT WHITEWATER NORMAL

Whitewater, March 7.—The high school basketball tournament commences here Thursday for a three days' session and some lively contests are expected. Nine teams are entered: Madison, Edgerton, Janesville, Beloit, Evansville, Brodhead, Delavan, Cambridge and Whitewater. The winners of this tournament goes to Menomonie to compete for the state championship. All of the teams are strong, with Madison and Edgerton the favorite. Starting with four games Thursday evening, there will be at least two games in each series. On Friday the games are at 9:30 a. m., 2:30 and 7:30 p. m., and at 2:30 a. m. and 2:30 p. m. on Saturday. The line-up for Thursday evening, starting at 7:30, is as follows:

Whitewater vs. Beloit.
Edgerton vs. Delavan.
Madison vs. Brodhead.
Evansville vs. Cambridge.
Frank Willard Dead.

Frank Willard, who died here Sunday, was born November 25, 1838, at the battle of Cedar Mountain and again at Dallas Mountain. After his discharge from service he worked for the railroad near his home and in 1868 was married to Miss Emma Josephine Welch of Scranton, Pa. Two years later they came to Whitewater and settled on a farm two miles southeast of this city. Five children were born to them: Leo F., Jesse W., Mrs. Frank Wright and Fred T., all of this city and Mrs. Willard of Manchester, Ia. The funeral was held this afternoon and interment at Hillside cemetery.

Howard Arthur, the eight-year-old son of Mr. and Mrs. Hjalmer Olson, died on Sunday. The funeral was held on Tuesday, conducted by Rev. N. C. A. Garness.

D. S. Ewing left yesterday for Topeka, Kansas, to visit his brother. Will Lloyd has moved to the Doud house on North street.

Miss Charles Stenfang and Mrs. Julius Johnson went to Milwaukee last evening to visit their sister, Mrs. Harry Zelle.

Miss Cora Sleep and Miss Hazel Smith of Palmyra, were visitors here yesterday.

Hot Springs is supposed to be just the place to cure rheumatism, but Manager Wilbert Robinson of the Brooklyn Dodgers is copping the bet. He is so badly afflicted that he has postponed his trip and will not be with his players in camp before March 7 at the earliest, according to present plans. Jack Coombs will be in charge of the Dodgers until Robinson arrives on the scene.

Pitcher Carl Mays of the Red Sox wrote President Frazee from his home out on the Pacific Coast that he would go to Hot Springs and there talk over the matter of signing his contract. President Frazee wired an answer that there was no rule of baseball preventing Mays going to Hot Springs or to Timbuctoo, but he would have to make the trip at his own expense unless his signed contract was received in time for the forwarding of transportation. And so Mays has to sign, it seems.

Dave Davenport, the Browns' long right-hander, who was a persistent and positive hold-out up to the time an exhibition game with the Athletics sent in his contract as soon as he was able to write his name after shooting himself. Evidently he thought the club might consider him no further use and withdraw the document. He notified Manager Fielder Jones that he would be entirely recovered by April 1 and would appear in the club on that date. He will have to hurry to get a good start, with the season opening on the 11th.

Napoleon Lajoie, who will manage the Toronto international league club this year, will not be forgotten by the American league, with which he played for many years. President Johnson informed Lajoie that he had arranged with the Toronto club for a special day on which to honor the big Frenchman. One of the American league teams will play an exhibition game with the Toronto club on that occasion and Lajoie will receive a handsome present from the club owners in Johnson's circuit in recognition of his past services. Lajoie would not let his major league career last fall after playing 21 consecutive years in first company.

Harry Frazee, of the Boston Red Sox, looks with equanimity at the baseball situation in the event of war. He is quoted as pointing out that in England this year the theatrical season has enjoyed unusual success. "People want to get away from the war topics," he said, "and almost any kind of diversions to take their minds from the situation."

The "three-rounder rule" as announced by the league, the most drastic adopted by any league. It provides that each club have on its team at least five players who have had no professional experience. Most of the leagues that have adopted this sort of rule provide for carrying a certain number of players who have had no experience in leagues of higher class, but do not go the length of calling for those who had had no professional experience at all.

"I shall never forget," says John K. Tener, "how happy I was one day when Uncle Anson walked over to me on the field, and called me 177 assorted kinds of names, all different and each more personal than the one preceding it. Anson was always gentle and kindly to newcomers and bushers, but when a player had become thoroughly skilled—when a man was really a big league ball player—then Uncle Anson would open up and abuse him when he blundered. In other words, getting a bawling out from Anson was the sign that you had arrived, and were worthy of his rage."

President Hickey of the American Association rises to press over the signals by President Johnson of the American league of Barry McCormick as an umpire. Mr. Hickey says McCormick is tied to the Association by the laws of baseball and that while he doesn't want to stand in Barry's way of advancement, he thinks the formalities should be observed. McCormick says Tom Chivington made him a free agent.

QUICK LUNCH FIRM IN CHICAGO FAILS

Chicago, March 7.—An involuntary petition in bankruptcy was filed today against H. H. Kohlhaas and company, proprietors of one of the largest bakeries in the city and of a string of bakery lunch rooms. High cost of flour and wages, and other causes, account for the failure. A receiver is asked for.

GINGLES' JINGLES

WHO KNOWS?

We lamped his pompadour and said, "of fuzz that is a bunch. But tell us, do you think this guy will ever pack a punch? He's tall and gawky, and he moves with some wheelbarrow gait; he's never up to schedule; will he always come in late?" In memory's skiff we paddle back and say, "there goeth I," for we were surely gawky, tall and clumsy, also shy; we had a dozen hands and feet
